*We've been awarded our new visas  
that we asked you to pray about in March.*  
**PRAISE THE LORD!**

## Pray for Our World-Changing MK's & MGK

**Stephanie and Matt** are leading a team to serve an orphanage in Tijuana, Mexico, July 16-23. Here's their video <https://www.instagram.com/tv/Cdobk-iFGIU/?igshid=YmMyMTA2M2Y=> and giving link: [Focus \(gomethod.app\)](https://gomethod.app) if you'd like to partner in their missions outreach.

**Sarah** is working diligently at CHS, often pulling overnight vigils to watch just-rescued children while they rest. She has a full caseload and loves her job.

**Legend** just turned one on June 12. He is walking, learning to talk, and making everyone smile.

## Macedonian Call 2.0

In May, we were asked to attend an AGWM meeting in Croatia. Just before, we went to Greece on a shoestring budget to see where Paul took the Gospel in answer to the Macedonian call. We prayed for God to lead us as we looked for a local guide. We spent a day with Eleni, a psychologist from Thessaloniki, traveling to and from Philippi and Neapolis (modern-day Kavala). She explained why the religion of the Greek Orthodox Church is not appealing to her. She then asked what we do. We shared that we came to Almere to help internationals find a close, interactive relationship with the living God. Intrigued, she began to ask questions. Over several hours, we shared miracles the Lord has done for us. We could feel the Spirit moving. With moist eyes she said, "I have never heard about God working in the lives of others so personally." Please pray that Eleni continues to open her heart to Jesus.

## Kone Dormrey Opens

In May, free English classes began at New Life, Kone Dormrey, Cambodia. Most recently, we got to see a video clip of a well-attended worship service held on the first floor

that NDIC funding finished. Hallelujah! Thanks for investing in us, so that NDIC can invest in others around the world.

## "Let Us Not Neglect Our Meeting Together"

NDIC has returned to the community center for Sunday services. Sadly, some are simply "out of the habit." The global COVID Response has diabolically encouraged the avoidance of corporate worship. Hebrews 10:25 has no qualifiers for pandemics. Why is "meeting together" so vital? The Church, not an individual believer, is the Bride of Christ. Together, we accomplish mighty things! Let's pray that this "great falling away" will shift to a great return across the globe to corporate worship, prayer and giving.
